Chamber Chatter

By IRENE GROVE

Another long holiday is past . . . back to school for the kids and now down to a buzz of activity for our city of Albany and your Chamber of Commerce.

Excitement seems to be mounting as time grows nearer for Albany's birthday party, and plans for the celebration are beginning to take shape.

Fellows, if you are not already one of these handsome bearded strangers on the streets, better store that razor unless you have a very good reason for shaving. Rumor has it that if you don't you will end up in Kangaroo Court. Court will be held every evening beginning September 22 until the grand climax, September 27. And don't forget the prizes . . . there will be four categories to compete for . . . the bushiest . . . the longest . . . the most distinguished and the reddest. Grow them . . . groom them boys . . . you might win a prize. A special commendation should go to Tiny Kampe and the Lions Club for their work and promotion on this part of our celebration.

Watch for the announcement of the name of our Parade Marshal and other distinguished "first" citizens of Albany in next week's column.

Leave it to the gals . . . the Alberito BPWC is holding a whist party Monday, Sept. 8 at 8 p.m. at the Maccabee Hall. This is a benefit for the Golden Anniversary Celebration. Don't miss it.

The Soroptimist Club is busy too . . . together with the Senior Citizens Club, they have antique displays for your store windows. Don't miss this opportunity of a unique display for the celebration. Contact Kay Fritz or Bernice Boyd, P. O. Box 62 for further information.

Merchants, have you started your store front decoration? Some clever ones are going up. Notice the windows at Michael's Liquors . . . they are wonderful.

Aside from the celebration, there is other activity . . . Thanks to Bert Griffin, Campaign Manager for Albany's United Crusade, Albany had one of the best reports at the Alameda County United Crusade Community Report luncheon in Oakland last Tuesday. Albany is well organized for the beginning of the drive, Sept. 22. Just thought you would like to know . . . We still need help in the Residential though.

City officials of Albany are to be honored guests of the Albany Junior Chamber of Commerce, Thursday, Sept. 4 at the Red Barn.

More next week from Your Chamber of Commerce . . .

"Yours truly," Your Chamber of Commerce Manager.

STEGE POLLUTION THREAT LESSENS

Councilman Jerome Blank made a full report at Monday night's council session on the threatened dumping of partially processed sewage into the Bay south of Pt. Isabel.

Blank reported that he had met with Stege Sanitary District engineers last week, together with representatives of the Water Pollution District and that a compromise agreement had been made that will fully protect the Albany waterfront from sewage pollution.

The Albany councilman was accompanied on his visit to the district by Albany city engineer Wayne McAuley, Assistan Health Officer and Sanitarian Bartley McIntyre, and Don Mulford, Assemblyman from this district. The latter has agreed to follow through on the matter from the state angle and to see that Albany is fully protected.

The agreement calls for a limited discharge of partially processed sewage in case of extreme emergency, well out from the shoreline, pending completion of proposed expansion of the Stege plant to care for its growing needs. It further provides for the complete elimination of such operation at any time Albany may start improvement of the area as a small boat harbor and recreation center.

An extensive report was made by Councilman Keck on the operations of the Recreation Department under the current direction of E. L. Nelson, Acting Superintendent. Overall supervision has been placed temporarily with the city engineer's office, while a special personnel meeting of council members will be held next Tuesday evening to discuss appointment of a permanent superintendent of the department, and to interview applicants for the position.

Bids were opened from 8 contracting firms for the erection of a concrete retaining wall on Jackson Street, near Castro. The firms and the amount of their bids follow: Pyramid Concrete Construction Co., $1643; O. C. Jones & Son, $2516; Franz Muller, $2517.50; Robert R. Murdoch, $2124; F. A. Doupnik, $2259; J. R. Armstrong Construction Co., $2041; Newcomb Construction Co., $2267; W. R. Cole, $3579. The bids were referred to the city engineer for his recommendation.

The ordinance covering rezoning of property on the west side of San Pablo south of Cerrito Creek was reviewed Monday night on the ground the rezoning had been conditioned on the fulfilling of certain requirements; that the time limit had been extended from 60 days to 120 days, and that the limit for starting of the proposed work would expire on Sept. 25. The city clerk was instructed to notify the company of the pending expiration date, and to request a reply as to its contemplated action. The original plan called for the construction of a large car wash on the property.

Mrs. Oliver announced her resignation to the 15-member executive council of the branches today. It will become effective Monday, Feb. 16, 1959, the date of the hospital's next annual meeting and her 25th anniversary.

Army Seeks Men For Atomic Plants

WASHINGTON — The Army recently started a hunt for 25 nuclear-minded soldiers to be trained to man the first atomic power plant scheduled for construction at a permanent post in Alaska. Some of those selected, however, may remain in the Continental United States as a cadre of supervisors for the crews of future military nuclear power plants.

Those selected will be given a six-month basic academic course in power plant technology at Fort Belvoir, Virginia, and then will be assigned to an additional six months operational training on the Army's package power reactor at Belvoir or the Argonne low power reactor at Idaho Falls, Idaho.

Health Director Warns of Need For Polio Shots

Two false ideas about polio seem to prevent people from being vaccinated against the disease according to Dr. Malcolm H. Merrill, Director, California State Department of Public Health.

"Many people think that adults do not get polio," he said. "This is not true. Nearly one-third of the cases of paralytic polio that have been reported in California this year were in people over 20 years of age. There is evidence that when older people contract the disease, crippling effects are more severe and more permanent.

"Another fallacy is that people are protected if others in their family or the community are immunized. Again, this is untrue. Only the individual who is vaccinated is protected. Children and adults who have not had the full series of three inoculations should do so immediately."

A total of 139 cases of polio, 86 of them paralytic, have been reported in California this year. Dr. Merrill pointed out that California has polio cases throughout the year with the highest incidence usually occurring in the late summer and early fall.

Per Capita Costs In 52 Bay Area Cities Revealed

Increases in the per capita expenditures for city government in the five years between the 1952 and 1957 fiscal years were registered in 52 of the Bay Area cities with a population of 2,500 or more, the San Francisco Bay Area Council reported today.

In seven cities, Concord, Fairfield, Healdsburg, San Leandro, San Pablo, Santa Rosa and Walnut Creek, the per capita expenditures decreased.

All of the cities showed increases in the actual amount of expenditures, with increases ranging from 13.2 per cent to 511.8 per cent. In all but three the per cent increase in the expenditures was equal to or greater than the per capita per cent increase.

The Council's study showed that the median per capita expenditure for the 1957 fiscal year was $48.95. This is an increase of 25.5 per cent over the 1952 fiscal year median of $38.99.

Los Altos Hills had the lowest per capita expenditure, $14.97, while the highest, $186.73, was in the industrial area of Emeryville which has a relatively low population density.

In Albany city government costs for the 1957 fiscal year averaged $36.94 per person, according to the report by the Bay Area Council. This was 16 per cent above the 1952 fiscal year per capita expenditure of $31.84.

The actual government expenditures, excluding special assessment expenditures and public service enterprises was $664,879 for the 1957 fiscal year, 16 per cent above the 1952 fiscal year cost.

Give them a Faith to live by

Worship with them this week

Naturally you want them to have all the good things in life; . . . a happy home . . . a good education . . . plenty of chances to meet other nice young people. But be sure to give them the most precious gift of all . . . Faith.
The wonderful part is that faith is yours to give; . . . no matter who you are, what you do for a living, how much money you have in the bank.
Faith is the gift you give a little at a time. Every week you worship with the children at your church or synagogue. The youngsters see you . . . the biggest, smartest, most important people in their world . . . asking God for help, thanking Him for blessings. Then it's clear to them . . . here they can *always* find the strength they need, *always* find the happiness they want.
Then you've done the best a parent—any parent—can do.

How Savings Bonds helped his ship come in—*twice!*

Ulysses K had adopted America with the fervor of a lover of liberty.

And one of the big dreams of his life was a trip back to his native Greece to tell his friends of the wonders of this country.

He had a plan to make that dream come true, too. Like more than 40,000,000 other Americans he saved for his goal through U. S. Savings Bonds.

When he had enough, he arranged his passage to Greece and set off for a New York bank to cash his Bonds.

He arrived but the Bonds didn't.

Somewhere on the way, he'd lost them and to further complicate matters, his ship sailed in 72 hours.

He told this story to a bank official who got in touch with the Treasury Department. Records were checked and Ulysses received his money *in time to sail on schedule.*

And he sailed with another story of the wonders of America for his friends. Naturally, when he returned, he became an even bigger Bond buyer than before.

This true story illustrates the indestructibility of U. S. Savings Bonds. *Any of your Bonds that are lost, stolen or destroyed will be replaced without charge by the U. S. Treasury.* That's why Bonds are said to be "safer than cash."

And now "safer than cash" Savings Bonds are better than ever. Every Series E Savings Bond purchased since February 1, 1957, pays 3-¼% interest when held to maturity. It pays higher interest, too, in earlier years and matures in only 8 years, 11 months.

Now more than ever it's smart to save with guaranteed-safe U. S. Savings Bonds. Buy them regularly where you bank or through the Payroll Savings Plan where you work.

Part of every American's savings belongs in U. S. Savings Bonds

The U. S. Government does not pay for this advertisement. The Treasury Department thanks, for their patriotic donation, the Advertising Council and

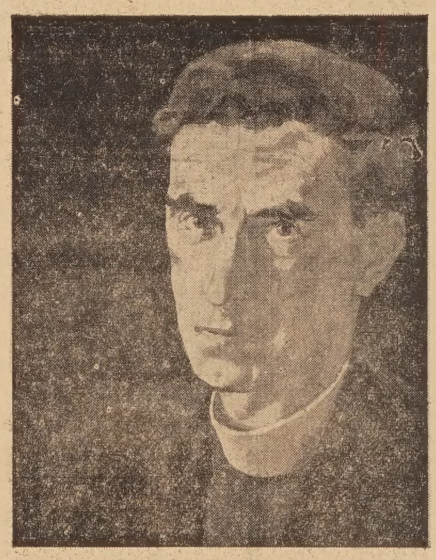
WHO ARE WE?

My wife and I operate our neighborhood drugstore. My business, my security and my children's education are locked with the general prosperity of the working people who patronize me. If the so-called "right-to-work" thing is voted in, I feel we'll be booted down to the economic level of those "cheap labor" Southern states who already have this kind of law.

As a housewife I know the happiness of myself, my children and my husband depend largely on his security and earning power. I'm going to vote NO on Proposition 18 because I believe that men and a community "pulling together" for economic security have a better life than they do by "pulling alone."

I'm a machinist – so was my Father and Grandfather. "Gramps" was a guild member in Belgium before he left there in 1883 to come to the States. My Dad worked for 31¢ an hour back in the early 1930's. If he got sick he didn't get paid and neither did the doctor, butcher, grocer, landlord or anyone else for a long time. I'm a "scared" machinist because I think if this 'no workers' rights' proposition 18 goes through, I'll be no better off than my Father was thirty years ago.



*My church is just around the corner. I've been the pastor for many years. I feel these poorly named 'right-to-work' laws are a conspiracy of crafty, ignorant or misguided people who seek to subvert industrial peace; exploit men's need to work and deluge our community with industrial irresponsibility. 'Right-to-work' laws do not create jobs; they only victimize the worker and make his organization ineffective.

Section 3. (a) Said special municipal election shall be held and conducted, and the votes thereof canvassed, and the returns therefor made, and the results thereof ascertained and determined as herein provided; and in all particulars not prescribed by this ordinance said election shall be held as provided by law for the holding of municipal elections in said City.

(b) All persons qualified to vote at municipal elections in said City upon the date of the election herein provided for shall be qualified to vote upon said measures submitted at said special municipal election.

(c) The polls at the polling places hereinafter designated shall be opened at seven o'clock A.M. (P.S.T.) of said day of election and shall be kept open continuously thereafter until seven o'clock P.M. (P.S.T.) of said day of election, when the polls shall be closed (except as provided in Section 5734 of the Elections Code), and the election officers shall thereupon proceed to canvass the ballots cast thereat.

(d) Said special municipal election hereby called shall be and is hereby consolidated with the State of California General Election to be held in Alameda County and in said City of Albany on November 4, 1958, all as required by and pursuant to law; and the election precincts, polling places and officers of election within the area of said City for said special municipal election hereby called shall be the same as those selected and designated by the Board of Supervisors of Alameda County for said General Election and set forth or to be set forth in the Notice of Election Officers and Polling Places for said General Election published or to be published by the County Clerk of Alameda County pursuant to Section 668 of the Elections Code, to which notice reference is hereby specifically made for a designation of the precincts, polling places and officers of the special municipal election hereby called. Only qualified voters of the City of Albany shall be permitted to vote at said special municipal election. The Board of Supervisors of Alameda County is authorized to canvass, or cause to be canvassed, the returns of said special municipal election with respect to the votes cast in said city and to certify the results to the Council of the City of Albany.

(e) Only one form of ballot shall be used at said General Election and said special municipal election hereby consolidated therewith, on which, in addition to all other matters required by law to be printed thereon, shall appear said measures and each of them set forth in Section 1 hereof. Each voter may vote on either or both of said measures. Each voter to vote for said Measure (Bonded Indebtedness for City Plan "A") and for incurring said bonded indebtedness shall stamp a cross (X) in the blank space opposite the word "YES" on the ballot to the right of said measure, and to vote against said measure and against incurring said bonded indebtedness shall stamp a cross (X) in the blank space opposite the word "NO" on the ballot to the right of said measure. Each voter to vote for said Measure (Approval of City Plan "A") and for approval of said City Plan "A" of the City of Albany shall stamp a cross (X) in the blank space opposite the word "YES" on the ballot to the right of said measure, and to vote against said measure and against approval of said City Plan "A" of the City of Albany shall stamp a cross (X) in the blank space opposite the word "NO" on the ballot to the right of said measure. On absent voter ballots, the cross (X) may be marked with pen or pencil. Absent voter ballots setting forth said measures and each of them shall be issued to all qualified electors residing within the City of Albany entitled thereto, in the manner provided by law, and such absent voter ballots shall likewise be canvassed, or caused to be canvassed, by the Board of Supervisors of Alameda County.

(f) At the next regular meeting of the Council of the City of Albany occurring after the returns of said special municipal election have been canvassed, or caused to be canvassed, by the Board of Supervisors of Alameda County, and the certification of the results thereof to said Council, or at a special meeting called thereafter for such purpose, the Council of the City of Albany shall cause to be spread upon its minutes a statement of the results of said special municipal election as ascertained by said canvas.

Section 4. Said bonds provided for in said Measure (Bonded Indebtedness for City Plan "A") shall be negotiable in form and of the character known as serial, and shall bear interest at a rate not to exceed six per cent. (6%) per annum, payable semi-annually (except that interest for the first year after the date of said bonds may be made payable at or before the end of said year). Provision is hereby made for the payment of the principal of and interest on said bonds as follows: At the time of making the general tax levy after incurring the bonded indebtedness and annually thereafter until the bonds are paid or until there is a sum in the treasury set apart for that purpose sufficient to meet all payments of principal of and interest on the bonds as they become due, the Council of the City of Albany shall levy and collect a tax sufficient to pay the interest on the bonds and such part of the principal as will become due before the proceeds of a tax levied at the next general tax levy will be available; provided, however, that if said bonds are authorized to be issued at said election, and it is expected that all or any part of said bonds will be sold at such time that the principal of or interest on such bonds will become due before the proceeds of a tax levied after such sale would be available to pay such principal or interest, the Council, at the time of fixing the anuual tax levy, may levy a tax in an amount clearly sufficient to pay that portion of the principal of and interest on said bonds which it is expected will become due before the proceeds of the next succeeding tax levy will be available. If the earliest maturity of the bonds is more than one year after the date of issuance, the Council shall levy and collect annually a tax sufficient to pay the interest as it falls due and to constitute a sinking fund for the payment of the principal on or before maturity. Such taxes shall be levied and collected as other City taxes and shall be in addition to all other taxes and shall be used only for the payment of the bonds and interest thereon.

Section 5. The City Clerk of the City of Albany is hereby directed, upon the passage and adoption of this ordinance, to publish the same once a week for two (2) weeks in the ALBANY TIMES, a newspaper of general circulation published less than six days a week in said City of Albany, and such publication shall constitute notice of said special municipal election. No other notice of said special municipal election hereby called need be given.

Section 6. This ordinance shall be forthwith entered upon the minutes of this Council and in the Ordinance Book of said City. This ordinance, being an ordinance calling and ordering an election, shall take effect from and after its final passage and approval.
